Member Update

Title: LD amendments – QLD, NSW, VIC & SA

Update No.: 32 of 08

Date of Issue: 2nd October 2008

Distribution

- NACMA Members – primary contact list. Please circulate to all appropriate internal parties.

Background

NACMA Location Differentials are developed from information provided by the Registered Bulk Handlers, which includes the sites they intent to open for any given season.

Members must check with their bulk handlers to ensure the information as detailed in the tables is valid particularly in regard to whether the site is open and road/rail arrangements.

The Location Differentials are based off a road distance to port with km values derived from the Travelmate web based program.
